LinkedIn: abinandhan-k-b15222302 | **GitHub:** github.com/Abinandhan-k

Objective:

Enthusiastic AI & Data Science undergraduate with strong programming and problem-solving skills. Seeking an entry-level opportunity to apply my technical knowledge in software and AI development while continuously learning and contributing to organizational growth.

Area of Interest:

- **Data Science** (EDA, Feature Engineering, Statistical Analysis, Data Visualization, Predictive Modeling)
- **Artificial Intelligence & Machine Learning** (U-Net, GANs, Neural Networks)
- **Full-Stack Development & Database Management** (MERN, MySQL)

Education:

- **Bachelor of Technology in Artificial Intelligence and Data Science** | Dr.Mahalingam College of Engineering and Technology, Pollachi
May 2027 | CGPA: 8.022*
- **HSC** | Viswadeepthi Matriculation Higher Secondary School, Pollachi
March 2023 | 77%
- **SSLC** | Viswadeepthi Matriculation Higher Secondary School, Pollachi
April 2021

Skills:

Technical Skills:

- **Programming Languages:** Java, Python, C++
- **Tools & Technologies:** Git, Google Colab, Wireshark, Microsoft Tools
- **Database Management:** MySQL, MongoDB
- **Frameworks:** MERN Stack
- **AI/ML:** Deep Learning, Computer Vision, Neural Networks

Soft Skills:

- **Communication:** verbal and written communication
- **Problem-Solving:** Analytical Thinking, Root Cause Analysis, Time Management
- **Collaboration and Teamwork:** Cross-functional collaboration, Active listening, Open to feedback, Sociable

Projects:

1. **Semantic-Aware Colorization of Monochrome Images using U-Net & GAN** **July, 2025 – Oct, 2025**
 - Designed and implemented a deep learning model to colorize grayscale images using U-Net and GAN architecture
 - Trained and evaluated the model using Python in the Google Colab environment
 - Improved color consistency compared to baseline approaches
2. **UDAAN-SME: A Modular SaaS Platform for Digital Enablement of Small and Medium Enterprises** **March, 2026**
 - Developed a modular SaaS platform to help SMEs transition from manual tools to digital workflows
 - Implemented role-based dashboards, task management, invoicing, and analytics for business operations
 - Designed a freemium subscription model with feature gating and Firebase integration for scalable user access

Internships:

- SEGOLSYS – Data Science Intern, Coimbatore** **June, 2025**
- Actively engaged in learning and applying key concepts of data science, including data cleaning, data visualization, statistical analysis, and working with tools such as Microsoft Excel, Python (Pandas, NumPy), and Power BI

Certifications:

- Certified for attending a workshop on Artificial Intelligence & Microsoft Power BI by Department of AI & DS-Dr. MCET
- Completed courses on Exploratory Data Analysis (EDA), Deep Learning (DL) by Scaler and Entrepreneurship by NPTEL

Achievements:

- Contributed to ICBLF 2024 conference Activity
- Participated in SIH (PS-25094) and TN-Impact (PS- TNI26079)

Extracurricular Activities:

- Member of the Athletics Club (Long-Distance Runner) and Bharat Scouts and Guides (Governor Award Recipient)
